Company BIO:

At WQT LLC, we specialize in delivering unparalleled technical consulting and engineering solutions to government organizations, with a focus on managing complex technical projects. Led by Tony Wright, a seasoned veteran with over a decade of experience in government contracting,

Tony's leadership as an Operations Director, Product Owner, and Senior Program Manager has been instrumental in navigating the intricate landscape of government contracts, fostering team collaboration, and driving successful outcomes. His background in aerospace software development, electronic assembly, and government contracting is complemented by certifications in PMP, AWS Cloud, Agile, and Data Science, alongside an Organizational Management M.A.

Core Competencies:

Leveraging extensive experience in leading diverse, high-caliber technical teams, I specialize in the integration and management of sophisticated software and hardware projects. My expertise is rooted in orchestrating seamless collaboration across multifunctional groups to achieve cutting-edge technological solutions.

- Technical Leadership and Team Management
- Software and Hardware Integration Expertise
- Strategic Program and Project Management
- Innovative Solution Development
- Cross-Functional Collaboration and Coordination
- High-Stakes Technical Problem Solving

Differentiators:

As a veteran-led business, WQT LLC embodies the principles of leadership, integrity, and dedication, ensuring that every project is approached with the goal of delivering outstanding value and impactful results for our government clients.
